HOW TO USE:
Shake well before use.
Wasps can be found in sheltered areas such as under the eaves, in ceilings and in trees or logs.
Best results are achieved if wasps are sprayed directly. For best results spray in early morning or late evening when insect activity is minimal. Wear protective clothing when treating nests and stand at the safe distance and not directly underneath.
Hold can upright and target spray toward nest with wind coming from behind you. Spray should reach 3-6m. Spray with sweeping motion until nest is saturated.
Use caution when spraying around electrical installations.

DIRECT KILL – hold can upright and spray insects from a distance of 3–6 m.

Re-apply when pests reappear.

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED

SAFETY DIRECTIONS:
Avoid contact with eyes and skin. If product is on skin, wash immediately with soap and water. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water.

CAUTION:
KEEP OUT OF REACH OF CHILDREN. DO NOT stand directly underneath the spray site.
DO NOT spray directly on humans, pets, exposed food, food preparation areas or food utensils.
WARNING: INTENTIONAL MISUSE BY DELIBERATELY CONCENTRATING AND INHALING CONTENTS CAN BE HARMFUL OR FATAL.
PROPELLANT: CARBON DIOXIDE

STORAGE AND DISPOSAL:
PRESSURISED DISPENSER - Keep in a cool place out of the sun. DO NOT store above 50°C. Do not puncture or incinerate this can, even when empty. Recycle empty cans if a facility is available or place used can in household rubbish.

First Aid:
If poisoning occurs, contact a doctor or Poisons Information Centre (phone 13 11 26).

IMPORTANT NOTICE
These goods are to be used only for the purpose and as specified on the label, and are not suitable for any other purpose. To the fullest extent permitted by law, we do not accept or bear any liability on any basis for any loss, damage, cost or expense, arising in any way, directly or indirectly, in connection with the goods.
